

Discover the wonder of sound

**Phonak Audeo™ Paradise**  
There's nothing like  
the sound of Paradise

A Sonova brand

**PHONAK**  
life is on

# The wonder of sound

**Phonak Audéo Paradise is a true wonder of sound.**

When creating our latest hearing solution, we turned to nature for inspiration. Nature is the source of so many sounds that can soothe, relax and comfort us. We regard hearing as being something that we naturally do. Having the ability to hear is such an intricate part of our existence and fundamental for our overall well-being. What better way to rediscover sound than with a hearing aid inspired by nature itself. After all, **there's nothing like the sound of Paradise.**

# An unrivaled hearing experience

Phonak Audéo Paradise is a result of decades of technological expertise, innovation and unwavering passion.

It embodies our drive and determination to develop a hearing aid, that we believe, is the best possible solution for hearing aid wearers.

To achieve this, we took our learnings from its predecessor, our best-selling hearing aid, and made **Phonak Paradise even better.**

Comprised of all new hardware, Paradise takes hearing performance to the next-level with several new features. The result?

## A hearing aid that delivers an unrivaled hearing experience:

- Crisp natural sound
- Brilliant speech understanding\*
- Personalised noise cancelling
  
- Empowering smart apps
- Connects to smartphones, TV and more
- Made for all
- New Tap Control for easy access to Bluetooth® functionalities

\*Final levels of speech understanding are influenced by several factors, including:

- The level of residual peripheral and central auditory function.
- The correct use of an appropriate level of hearing instrument technology. Four technology levels are available: 90, 70, 50 & 30. Your hearing care professional will discuss the most appropriate level of technology to meet your hearing needs.
- The use of hearing instruments accurately fitted by your hearing aid professional.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Sonova AG is under license.

# Crisp natural sound

Our ability to hear all the nuances of our sound environment is such an integral part of our existence. Being able to hear well, adds to our sense of connection and engagement which ultimately contributes to our overall well-being.

The way we hear is a complex process – a real wonder of nature. It starts at the cochlea, where the sound is first perceived, and finishes at the brain where we experience the sound.

We have taken nature as inspiration when creating Audéo Paradise. Our intention is simple – to create a hearing aid that delivers crisp natural sound for you to enjoy the wonders of the world as they should be heard.

# Brilliant speech understanding

Understanding someone who is speaking softly or speaking from a distance in a quiet environment is challenging. Phonak Audéo Paradise approaches this challenge by boosting soft-level speech with an innovative feature called Speech Enhancer. Rediscover the joy of communicating with friends, colleagues or loved ones.

# Personalised noise cancelling

How much effort does it take to follow a conversation when speech is coming from the front and noise from the side and back? This can often vary depending on the type of room you are in, or even how you feel at the time. myPhonak 4.0 app allows you to make the most out of your Paradise hearing aids. It offers various controls and functionalities that allows you to personalise the hearing aid settings in real time. Restaurant too noisy? Not a problem, just increase the noise cancellation strength for comfort.

# Empowering smart apps

It's not just another app – it's the smart way to control your Phonak Paradise hearing aids, access useful features and personalise your settings. Download the **myPhonak app** (Google Play or App Store) and get the most out of your hearing aids. Here's a glimpse of what is possible ...

**Remote Control** allows you to adjust and control your hearing aids in real time. Imagine the convenience of being able to adjust the level of the Dynamic Noise Cancellation to make it easier to have a conversation with a friend in a noisy restaurant. You can also configure Tap Control to your preference.

**Remote Support** allows your hearing care professional to fit and adjust your hearing aids in real time. This is helpful in situations where you can't make it for a personal consultation or simply want your hearing care professional to optimise your hearing aids in real-life situations and not in the clinic alone.

# Connects to smartphones, TV and more

## Made for all

Phonak Paradise connects directly to your iOS®, Android™ or other Bluetooth-enabled devices so you can stream audio directly to your hearing aids.

## Multiple Bluetooth connections

Additionally, you can enjoy even more connectivity because it gives you power to be simultaneously paired to eight and connected to two Bluetooth-enabled devices and seamlessly alternate between the two. Having more connections is an added convenience, especially in today's virtually connected world.

**Paradise also features AirStream™ technology** that supports accessories such as the Phonak TV Connector for direct streaming from any TV or entertainment system. And because Paradise can distinguish between streamed speech and music, you can enjoy excellent sound quality for more joy of listening.

# New Tap Control for easy access to Bluetooth functionalities

Imagine this... just by tapping your ear, you can handle phone calls, music streaming or voice assistants. A motion sensor in the hearing aid enables an effortless way to answer a phone call, to activate your voice assistant and to pause or continue music streaming.

To complement the Tap Control, Paradise utilises the built-in microphone to allow you to enjoy true hands-free phone calls and voice assistant activation.

# A piece of Paradise for you

When you think of paradise, you think of cool, natural colours. Find a Paradise that suits your style, mood or personality and choose from seven colours and even an option for a rechargeable model.

## Housing colours

**P1**  
Sand Beige

**P8**  
Velvet Black

Paradise rechargeable hearing aids are quick to charge and long lasting. The perfect companion if you're constantly on the go. Keep them charged and never worry about batteries again.

### Phonak Mini Charger Case

The Phonak Mini Charger Case, with standard USB-C charging outlet, is a compact charger for two hearing aids.

### Phonak Charger Case Combi

The Phonak Charger Case Combi is a charger and protective hard case in one.

### Phonak Power Pack

For charging rechargeable hearing aids on the go, the Phonak Power Pack can be easily attached to the bottom of the Phonak Charger Case Combi.

Take the first  
step to improve  
your overall  
well-being with  
Phonak Paradise

<sup>1</sup> Vercammen, C., Ferguson, M., Kramer, S.E., Meis, M., Singh, G., Timmer, B., Gagné, J.-P., Goy, H., Hickson, L., Holube, I., Launer, S., Lemke, U., Naylor, G., Picou, E., Scherpiet, S., Weinstein, B., & Pelosi, A. (2020). Well-Hearing is Well-Being: A Phonak Position Statement. *Hearing Review*, 27, 18-22.

When you hear well, you are well equipped to embrace the life you want. Growing evidence shows that treating hearing loss can positively impact your social-emotional, cognitive and physical well-being.<sup>1</sup>

### **Social-emotional well-being**

Hearing well allows us to be socially active, connect with others, and communicate effectively – without barriers.

### **Cognitive well-being**

The brain plays a crucial role in listening and speech understanding – it's important to keep it stimulated. That's where hearing aids come into play.

### **Physical well-being**

Hearing well provides you with greater environmental awareness fostering feelings of security and confidence.

**There's nothing like  
the sound of Paradise**

# life is on

At Phonak, we believe that well-hearing equates to well-being and is essential to living life to the fullest. For more than 70 years, we have remained passionate about creating a world where 'life is on' for everyone. Our innovative hearing solutions are designed for people of all ages and all degrees of hearing loss, to connect socially, thrive mentally and emotionally.
